

## Call for abstracts

Welcome to the

# 14th Nordic Congress of General Practice

Stockholm, Sweden — 15–18 June 2005  
"General Practice in a changing world"

The focus of the congress is on medical issues as well as the political and social conditions fundamental to public health.

The SCIENTIFIC PROGRAMME will cover

- Illness certification – rules and practices in the Nordic countries
  - Physical activity and health
- The elderly in an ageing population – a challenge for the general practitioners
- The stomach and the general practitioner – the key to health
  - IT and the general practitioner
- Island medicine – rural medicine surrounded by water
- General practice for minorities in the Nordic countries
  - Migration Medicine
- Workshops and other symposiums

*Closing PLENARY SESSION on Saturday: Health and democracy – importance beyond medicine: equality, pluralism and ethics in a democratic society as a prerequisite for the development of good health. Our distinguished panel of debaters include: Signhild Vallgård (Denmark), Claes Andersson (Finland), Sigrun Møgedal (Norway), Nalin Peggul (Sweden), Chairman: Ulf Wickbom*

**On Wednesday, June 15 from 12.00–16.00  
a pre-congress with several basic scientific classes  
will be held.**
